The Technology Division of

CompStar Technologies **knows the IT market**, and whatever the unique set of skills your job requires, we can find the right person. CompStar **cuts the risk of a bad hire** by conducting both **management and technical interviews** with its candidates; our certified technical experts can evaluate each individual's skills from a **real world perspective**. Often, we can even let our clients evaluate a selected candidate **in their work environment** while the individual is employed by CompStar. Bad hires can be **hugely expensive** to a company, and **CompStar has the solution**.

Temporary IT Staffing. Whether you have to keep your systems running while searching for a permanent hire, or need help for a special IT project, CompStar can meet your temporary IT needs with our own skilled staff.

Contact your CompStar Account Executive today to find out how we can **solve your IT staffing needs and improve your bottom line**.
