

## Panasonic

## *The Panasonic/DirectLine Advantage*

### *A Professional Gateway to Your Business*

You invest in advertising with some or all of the following media: Yellow Pages, newspaper ads, radio and television spots, along with business cards, brochures and flyers. You make these investments to cause the people who see them to call you. Does your phone system provide your customers and potential customers with the clear and concise information that they need and/or want? A Panasonic Telephone System with Voice Mail and Automated Attendant gives you the ability to manage your callers in a professional manner that does credit to your business.

1. There is a model to fit your business size and requirements.
  - Priced to meet your needs with room to expand as your business grows.
  - Reasonable costs for growth and expansion.
2. Rich in functionality and features
  - Programmable system (Business Functions)
  - Individual telephone programming (User options)
  - Wireless telephone jack on every telephone
3. Serviceability
  - Designed with service in mind
  - Expansion Modules
  - Diagnostics

Direct Line Communications is dedicated to high quality, timely service for our customers. While our recommendation and preference is for the Panasonic line, we also provide service on almost all telephone systems. Please contact us with any questions or for further information about our products and services. We can provide a list of clients who use our service on both Panasonic and other telephone products. **Contact your Direct Line Account Executive today for a complete review of your business communication needs!**
